

29 October 1973

MEMORANDUM FOR: Dr. Martin

SUBJECT: Unclassified Omnibus NSCID

1. Reference your request for a copy of the omnibus NSCID to facilitate reference to the ADDS&T comments, attached at Tab A for your information is a breakout I have prepared showing the specific changes proposed by the various offices and the action which General Thomas proposes to take. He has of course not seen the ADDS&T comments. Also attached at Tab A is a copy of the NSCID.

2. At Tab B are copies of the various replies received, and at Tab C is a copy of the 17 October memo which requested the comments to the omnibus NSCID.

3. Because of the delay in receiving the ADDS&T comments, General Thomas had not completed his report to the DCI on this NSCID, but he advised me that in view of the OGC and OLC recommendation, he plans to recommend that the DCI take no further action at this time. He will finish this when he returns; however, should sooner action be needed, he instructed me to act for him.
